Description

Aicon 66 Vivere – A New Icon of Sicilian Excellence

The Aicon 66 Vivere represents the pinnacle of the marque's rebirth — a masterful fusion of visionary Italian design, uncompromising Sicilian craftsmanship, and engineering built to the highest United States standards. Measuring 71' 4" overall, this exceptionally well-optioned yacht is being offered as a used boat, yet it is essentially a brand-new vessel that has never been slept in.

The next owner will have the rare opportunity to purchase this highly upgraded Aicon 66 Vivere at a significant savings compared to the original build price of over \$4 million.

Reimagined under the leadership of Marc-Udo Broich and crafted in the historic shipyard of Messina, the Vivere delivers an immersive seafaring experience with sweeping lines, an innovative use of light, and extraordinary attention to every detail.

Key Features & Specifications

- **Power & Performance:** Twin MAN V8 1300 HP engines (only 230 hours)
- **Stabilization:** (2) Quick Gyro MC2 X13 gyro stabilizer for exceptional comfort in all sea conditions
- **Electrical System:** Twin 16 kw 60 hz Kohler generators (Port: 191 hours / Starboard: 256 hours) with robust, American-compatible power management
- **Navigation & Electronics:** Upgraded Garmin electronics suite with state-of-the-art integration
- **Accommodations:** Spacious 4-stateroom, 3-head layout featuring a full-beam owner's suite with en-suite, forward VIP with en-suite, and two guest cabins with bunk beds sharing a head (also serving as dayhead)
- **Outstanding Crew Quarters:** Fully finished two-person crew cabin with private head, microwave and refrigerator
- **Signature Light & Views:** Iconic "Eye to the Ocean" circular porthole, expansive windows, and large main-deck skylight creating unmatched natural illumination and an emotional connection with the sea
- **Luxury Finishes:** Exquisite handcrafted Sicilian materials and premium leathers throughout
- **Flybridge:** Elegant "terrace on the sea" with real teak decking, carbon-fiber accents, co-pilot seat, and flexible entertainment configurations
- **Additional Upgrades:** Stern thruster, full teak side decks, 1,764 lbs tender lift, Zipwake interceptors, underwater lights, motorized blackout blinds, and much more (see full options list)

The Aicon 66 Vivere is more than a yacht — it is a refined, transatlantic-ready expression of the VivereAicon philosophy: a safe, emotionally uplifting, and breathtakingly beautiful home on the water.

MAN V8 (Engine 2)

Engine Type:	Inboard	Power:	1300 hp
Fuel Type:	Diesel		
Engine Hours:	230		

Included Upgrades & Options on this Aicon 66 Vivere

This yacht has been exceptionally specified with a long list of premium factory upgrades that significantly elevate her above standard specifications:

Power & Performance

- Twin MAN V8 1300 HP engines (upgraded from 1200 HP)
- (2) Quick Gyro MC2 X13 gyro stabilizer
- Stern Thruster (10 kW) in addition to the standard bow thruster
- Zipwake Interceptor 450S trim tabs with additional control panel

Electronics & Navigation

- Garmin electronics package
- Camera system with control for transom and engine room
- Satellite dome pre-wiring + 2 SAT dummy domes
- Electric pilot seat with powered movement (fore/aft & up/down)

Deck & Exterior

- Real teak on flybridge and side decks
- Tender lift upgraded to 1,764 lbs (800 kg) capacity with steps
- 2 hidden GEM mooring cleats and 2 stern mooring winches at transom
- 6 underwater lights
- High-gloss accent paint
- Port side manual boarding door
- Co-pilot seat on flybridge
- Tender chocks + predisposition

Interior & Galley

- Wooden floors throughout the upper deck (salon & dinette)
- Wooden floors with carpet combo in lower hallways and staterooms
- Motorized blackout roller blinds in master cabin
- Oven and Extractor vent
- Wine Chiller
- Plumbed and Vented for washer/dryer combo in master cabin

Crew Quarters

- Fully outfitted 2-person crew cabin with private head
- Crew microwave and refrigerator

Electrical & Generators

- Twin 16 kw 60 hz Kohler generators
- First service already completed on generators

Additional

- Builder's Certificate and Certificate of Origin

This is an extremely well-optioned Aicon 66 Vivere with many high-value upgrades that are rarely seen together on one hull. The combination of the upgraded 1300 HP MAN engines, gyro stabilizer, stern thruster, full teak decks, and extensive crew setup makes her one of the most capable and luxurious examples available.

Walkthrough

Step aboard the Aicon 66 “Vivere” and experience a seamless blend of Sicilian elegance, advanced engineering, and thoughtful design.

Flybridge

The Flybridge serves as your private terrace on the sea. Clean, elegant lines define the space, highlighted by the absence of visible scuppers for a pure, uncluttered aesthetic. Generous layout allow for dining, lounging, and entertaining. Carbon fiber is used extensively for furniture and structural components, delivering both lightweight performance and refined beauty. A carefully studied lighting plan transforms the area into a magical evening venue, making every moment outdoors feel special.

Main Deck & Salon

Bathed in abundant natural light from the large overhead skylight and expansive side windows, the main salon feels bright, open, and exceptionally inviting. A dramatic visual connection to the flybridge above enhances the sense of volume and airiness.

Upon entering the salon, the port side features two beautifully designed armchairs, while the starboard side offers a large, curved L-shaped built-in sofa — creating a perfect space for relaxing and socializing. Two steps up, the starboard side presents a generous U-shaped built-in couch with an expandable cocktail/dining table, ideal for entertaining.

Galley

Directly across from the U-shaped seating is the beautifully designed U-shaped galley with a large central island. Equipped with premium Siemens appliances — including a ceramic cooktop, 4 pull out refrigerator drawers, and an oven — plus an upgraded extractor vent and a dedicated wine chiller. A separate ice maker in the salon ensures effortless entertaining and convenience.

Owner’s Stateroom

The full-beam owner’s suite is the emotional centerpiece of the yacht. Dominated by premium leathers and the highest-quality furnishings, it features a comfortable king-size bed, a generous desk, and bespoke cabinetry. The signature “Eye to the Ocean” — the large circular porthole — along with expansive windows, bathes the space in abundant natural light while offering an immersive connection to the sea. This creates an unprecedented level of brightness and emotional impact that defines the entire “Vivere” philosophy.

VIP & Guest Accommodations

Forward lies the VIP stateroom with its own en-suite head, offering generous proportions and the same elevated design. Two additional guest cabins feature comfortable bunk beds and share a well-appointed head that also serves as a convenient dayhead. Every cabin reflects the same attention to detail, premium materials, and connection to the sea that runs throughout the yacht.

Engine Room

Below deck, the engine room reveals the beating heart of this 66-footer. Exceptionally sophisticated yet perfectly organized, it delivers the kind of all-encompassing navigation experience typically reserved for much larger mega-yachts. Thoughtful engineering and customization options — including advanced security and technical installations — make it the envy of vessels far greater in size.

Crew Area

The crew quarters are fully finished to the same high standard as the guest areas, featuring a comfortable twin-bunk cabin and private head. This ensures the entire crew can operate at peak efficiency while maintaining the refined atmosphere expected on an Aicon.

From the flybridge terrace to the luminous interiors and technical excellence below, every element of the Aicon 66 “Vivere” reflects a clear philosophy: the yacht must be a safe, comfortable, and emotionally uplifting shell for the owner and guests — a true expression of Vivere Aicon.

Eye To The Ocean

A signature hallmark of Aicon Yachts, the large porthole reaches its fullest expression in the new “Vivere” line. Dramatically increased in size and prominence, it becomes a true “Eye to the Ocean,” creating an unparalleled connection with the sea and nature.

This distinctive circular window floods the interior with natural light while delivering breathtaking, immersive views that elevate the onboard experience to new emotional heights. On a technical level, it enhances brightness throughout the master suite and living areas, perfectly aligning with Aicon’s overarching philosophy of light, openness, and seamless integration with the marine environment.

Cruising aboard the Aicon 66 “Vivere” is an invitation to experience the ocean like never before.

The Rebirth and Philosophy of Aicon

In 2018, Chairman/CEO Marc-Udo Broich and his business partner, yachtsman John Venners, acquired the Aicon brands and ushered in a new era of excellence. From the newly formed Aicon Group Inc. emerged Aicon Yachts S.r.l., a premier builder of high-end luxury yachts, and Aicon Interior S.r.l., a leader in bespoke interior design and furnishing for luxury hotels, residences, and commercial spaces. Both are guided by the group’s design and engineering core, Aicon Centro Stile S.r.l., headquartered in Messina, Sicily.

Driven by a vision of “iconic” customization, Aicon combines Sicily’s rich heritage and renowned craftsmanship with world-class engineering to create a new standard of #MadeinSicily luxury. Under the leadership of maestro naval designer Sergio Cutolo, the shipyard rapidly assembled a talented international team blending German philosophy, American engineering, and Italian style. Within just 12 months, the facility grew to over 80 collaborators and launched the groundbreaking Aicon 66 “Vivere.”

Aicon operates a fully vertically integrated facility where every component is designed and manufactured in-house under the strictest quality standards. This true Mega-Yacht approach serves the 50' to 80' foot segment with uncompromising elegance, attention to detail, and a distinctive Sicilian soul—blending history, art, color, light, and the island’s finest materials. Owning an Aicon is more than acquiring a yacht; it is an immersive experience of seafaring Sicily and #VivereAicon living at its highest level.
